

Farfalle

Introducción detallada :

Farfalle (also known as bowties) are a pasta shape that are typically used in pasta salads and served cold. In this article I'm going to explain what farfalle is, show you how to pronounce it, give you some cooking tips, and compare bowties with other pasta shapes.

Farfalle is one of the cutest pasta dishes out there. With its butterfly shape, you get two for the price of one, so think about it. This type of pasta is also widely used thanks to its uniqueness. Making a farfalle bowl is a good idea for those who want something more presentable than the typical mac and cheese dish or spaghetti bolognese. The most important thing to note about farfalle though, is how easy it is to prepare.
