

Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine

Especificaciones :

Precio	Check with Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine Team Saler
Nombre de la marca	Loyal Microwave Drying Machine
Número de modelo	Sawdust Paper Cardboard Microwave Drying Machine
Lugar de origen	China
Cantidad minima para ordenar	1set of Microwave Equipment
Términos de pago	TT
Capacidad de suministro	20Days of Microwave Equipment
Team	Microwave Drying Sterilizing Machine Technical Team
Sales Team	Microwave Drying Sterilizing Machine Process Technology Engineer

Introducción detallada :

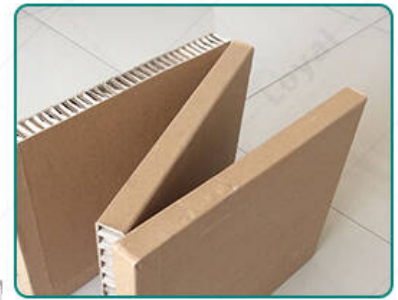

Industrial tunnel sawdust paper cardboard microwave drying main working principle is to spread the material evenly in the network, the transmission device drive the belt move in the dryer cylinder, the hot air from the bottom of dryer machine enter into the dryer, rise step by step, the water vapor will be discharge through teh dehumidify hole, so as to achieve the purpose of drying.

Sample of Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine
What Is The Technical Parameters Of Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine?

Technical Parameters Of Sawdust Paper Cardboard Microwave Drying

No	Modle	Power	Sterilization Capacity(Kg/h)	S
1	LY-12KW	12KW	120-150kg/h	7010m
2	LY-20KW	20KW	200-240kg/h	9350m
3	LY-40KW	40KW	400-500kg/h	10520m
4	LY-80KW	80KW	800-1000kg/h	12860m
5	LY-100KW	100KW	1000-1250kg/h	15200m

Application of Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine

sawdust paper cardboard microwave dryer is 3~5 times much efficient than traditional electrical heating and infrared heating, meanwhile saves energy 2~3 times than conventional heating solution. It only takes 3~5 minutes to dry off 50mm~80mm paper pipe from 30% water content down to 10% (recording the water content is after 1 hour from the microwave dryer equipment).

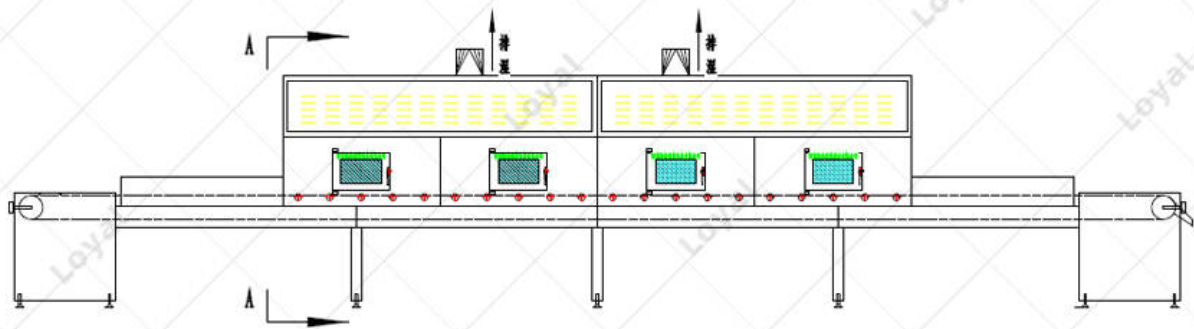

Why Choose Industrial Microwave Dryer For Carton?

Parts of Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine

Advantage Of Industrial Microwave Paper Drying

1	High efficiency and energy saving.
2	Drying and drying speed ,high efficient.
3	Moth,mildew,extend the storage period.Microwave drying wood ,wood can penetrate wood quickly to kill parasitic moth,mildew,prolong the shelf life of role.
4	Drying and drying wood is uniform,non-deformation,non-cracking.
5	High-end produce with good quality, excellent in workmanship, best service.

CAD of Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine Free **What Other Industrial Microwave Application?**

1. After MAX microwave tunnel drying, the features have been dramatically improved such as the glue attachment, water proof and pressure proof.
2. Faster drying and high efficient: the corrugated paper and paper package are uniform, smooth and no deformation by industrial microwave plan.
3. The microwave dryer has the disinfection function so it significantly improve preserving time and prevent mustiness.
4. Less labor, easy operating , small working place without pollution and noise.

Regarding The Industrial Microwave Paper Drying, Customers Usually Encounter Problems:

Q?What Is The Difference Between Air-Cooled Magnetron And Water-Cooled Magnetron In Tunnel Paper Board Carton Drying ?

A:Water-cooled magnetron for continuous non-stop operation. Air-cooled magnetron can not work without interruption, but the price is lower than water-cooled magnetron. This type of magnetron is suitable for low power machine, or the areas with low ambient temperature.

Q: What Is The Best Way To Dry Paper ?

A:Then best way is use industrial microwave paper drying , because the drying speed of the microwave drying oven is usually increased by several times, and the production efficiency of the enterprise will be greatly improved. The industrial microwave paper drying energy consumption is usually reduced by more than 50%, which can effectively reduce the production cost of the enterprise.the tunnel paper board carton drying machine

microwave dryer realizes uniform drying of materials and pollution-free, and at the same time, it can greatly reduce the drying temperature.

Q:How Do I Dry Cardboard ?

A:Use tunnel paper board carton drying , put rosemary are uniformly distributed on the mesh belt by the material feeder and it is drawn by a transmission device and move inside the dryer . For each section, the hot air is circulated separately. Part of exhausted gas is exhausted by a special moisture exhaust blower. The hot air passes through the mesh-belt covered with bring water material away. The mesh-belt moves slowly, running speed can be freely adjusted according to the material property. The final rosemary after the drying process will fall into the material collector continuously.

Test of Industrial Tunnel Sawdust Paper Cardboard Microwave Drying Machine in Customer's Workshop

Which Market Did The Loyal Industrial Microwave Paper Drying?

Customer Case Of Herbs Leaves Tea Dryer At 2021

1	100kg/h microwave dryer paper drying for austria
2	100kg/h small industrial microwave oven for sale in uzbekistan
3	80kg/h microwave dryer microwave paper drying drying machine for sale in bahrain
4	30kw microwave paper and wood products drying machineto spain
5	200kg/h cardboard box microwave oven to st. Lucia
6	Board box small industrial microwave dryer to togo
7	Baby diapers industrial microwave dryer to taiwan, china

Customer Case Of Cardboard Box Dryer At 2021

1	Microwave drying machine 100kg/h in belarus
2	50kg/h industrial automatic industrial belt dryer for sale in austria
3	100kg/h cardboard box microwave oven to sri lanka
4	500-600 waste paper industrial belt dryer to nited arab emirates
5	100kg/h industrial drying equipment in pharmaceutical industry sold in russia
Customer Have Factory Case Of Industrial Paper Drying Equipment At 2021	
1	200kg/h industrial microwave oven for sale in bolivia
2	Mozambique 150kg/h industrial paper drying equipment to lithuania
3	300kg/h industrial continuous belt dryer for sale in portugal
4	Mozambique 250kg/h industrial paper drying equipment
5	60kw Jam paper industrial automatic industrial belt dryer for sale in North Korea
