## Introdução detalhada :

The hot sales industry banana chips frying machine continuous fryer machine is manufactured to make crispy fried chips from natural bananas, banana potatoes, etc. The production process of this commercial banana chip line mainly includes washing, peeling, slicing, blanching, dehydrating, frying, deoiling, seasoning, and packaging. And according to different customer needs, the banana chips making machine can be customized into a semi-automatic banana chip production line and a fully automatic banana chip production line, the output is between 50kg/h and 1000kg/h.

### What is Banana Chips Frying Machine?

1. The industry banana chips frying machine consists of the frying system, automatic elevating system, automatic de-oil system, automatic conveying and cooling system and can finish fry,mix, de-oil and convey automatically. Hot sales industry banana chips frying machine continuous fryer machine can use electricity,gas or diesel as heating source.

2. Compact structure of fryer, elevate, de-oil, convey, cooling function.

3. Adopt PLC control achieves totally automatic working, imported gas, diesel burner guarantee best power.

4. Consumption with higher efficiency.

5. Manuals and automatic control way, operation flexible.

#### The Production Flow Chart Of Continuous Fryer Banana Chips Frying Machine

Automatic hot sales industry banana chips frying machine continuous fryer machine is made of food grade stainless steel, consists of lifting system, conveying system, gas heating system, blowdown system, oil circulation system, smoke exhaust system and electric control system.

#### Layout of Continuous Fryer Banana Chips Frying Machine How Are Commercial Banana Chips Made?

IUW AIC	Commercial Danana Chips Made :
1	Main Equipment Of Industry Banana Chips Frying Machine Continuous Fryer Machine
1	Banana chips cutting machine: Hot sales industry banana chips frying machine continuous fryer into slice.thickness can be adjusted
2	Hoist machine : Transfer the sliced banana to the fryer machine
3	Frying machine: Banana chips frying making machine fries the banana chips with the exact temp potato chips high quality and taste.this machine is the most advanced one, which adopts oil and above layer to fry banana chips, and the residue will be precipitated in the following water. So it e After working, the water will be run away along with the residue.
4	Vibration oil remover: Use the principle of vibration to remove oil from banana chips.
5	Air cooler:Reduce the temperature of the fried banana chips.
6	Flavoring machine: And use the spray to add the seasoning, not easy to break, but it can make t

#### The Application Of Continuous Fryer Banana Chips Frying Machine

1. Cooked wheaten food: fried dough twist, rice crust, honey food, Honey Mito, deep-fried dough sticks, Fried Glutinous Rice Balls with Sesame, gluten, polished glutinous rice stick, caramel treats, thin fried dough twist, etc.

2. Meat: braised chicken (coloring), pressed salted duck (coloring), braised pork, ball, sliced dried beef, streaky pork, drumstick, pig's feet, etc.
